

Dear colleague/SC member/Participant

Considering the worldwide impacts of the Coronavirus pandemic, we previously informed you that we were moving the BR2020 Conference to September 28 – October 2, 2020.

More and more organisations are now limiting international travel, while scientists and researchers are more inclined to avoid commuting and trips. For this reason, the Organising Committee has decided that the conference would be better held **virtually** (through an easy-to-use online platform), **from September 29 to October 1, 2020.**

We say, “bye bye Constanța, hello world!”.

There is no need to rush. The deadline for full papers submissions is now June 15, 2020. The draft programme will be announced at the end of June. There will also be an update soon on the BR2020 website (<https://conference2020.redmud.org/>) and via email.

We hope you are still eager to attend the Conference, for a fraction of the cost (120 €), this time online, to present your paper/poster, to receive the e-proceedings and to participate in live virtual events.

Please also note that confirming your participation as early as possible is important for the smooth running of the Conference. If you have already registered, please confirm your attendance as soon as possible. This way we can return the correct amount of money.

We urge you to notify your fellow colleagues and students, that attending the **BR2020 conference** is as easy as it will ever be... and exciting too.

We are looking forward to meeting you **ONLINE** in September!

Kind Regards,

The Organising Committee
